Respected Sir,

I hasten this letter to offer my grateful thanks for the opportunity so kindly accorded to me when you were here on the 17th instant to discuss matters concerning our humble but ambitious scheme, viz: our proposed "The Property Development Enterprises Ltd.,"

While appreciating the whole proposal as excellent and laudable, you had signified your disinclination, for personal reasons, to be associated on the Board of Directors as the Chairman of our above public limited venture. Nevertheless, you were so good enough to recommend other names of retired army officers who may be willing to accept the offer.

It was so magnimous of you to do this. Kindly accept our sincere gratitude for the same. We shall now follow your wise counsel and personally call on them with the prosition and hope to succeed in finding the next best Chief for the Enterprise.

In the meanwhile, however, we shall deem it a great favour if you will be so kind as to forward us your esteemed comments on our ambitious proposal to serve as an ideal inducement and impetus for our would-be Directors and Share-holders to join in large numbers and swell strengthen the proposed company with your esteemed blessings, ofcourse; as also to kindly let us know if you would be so good as to kindly lend your gracious name to be counted as our Patron-in-Chief so as to guide and strengthen the hands of our would-be Directors in the discharge of their responsibilities with the same devotion and dedication as a worthy soldier of a worthy country as did our dear jawans prove to be only the other day.

Once again thanking you for the favour.

Yours with respectful regards,

"NATHAN"
